EXPERIENCE

- Web Development Intern | Placewell Retail |**
Sep 2025 – Feb 2026 | Siliguri, West Bengal, India | **On-site**
- Managed and customized Magento eCommerce websites to enhance functionality and user experience.
 - Performed deployment, backup, and server management using cPanel, FTP (FileZilla), and SSH (PuTTY).
 - Improved website performance and security through bug fixes, SSL/domain configuration, and server optimization.

ABOUT ME

Experienced in web development with strong skills in HTML5, CSS3, JavaScript (ES6+), and React, along with solid programming logic and problem-solving ability. Comfortable with teaching technical concepts, including coding and robotics fundamentals, with a strong interest in STEM education. Currently expanding knowledge in full-stack development (PHP, MySQL) and robotics-related technologies, with a focus on clear communication, hands-on learning, and engaging students in practical, activity-based learning environments.

ACADEMIC BACKGROUND

- Bachelor of Computer Applications (BCA)**
Inspiria Knowledge Campus (2023 – Present) - CGPA: 6.76
- Higher Secondary (Class XII)**
Cooch Behar Rambhola High School (2016) - 61.4%
- Secondary Education (Class X)**
Jenkins School (2013) - 58%
